

Dear participants in the IENE 2022 Conference,

We are excited to welcome you in Cluj (as in-person participant), as well as from Cluj (as on-line participant).

Please read below some notes regarding the various sessions of the Conference, important for delivering a round hybrid experience.

Plenary keynote speeches

- The keynote speakers will present live from Cluj or on-line via Zoom (a personal zoom link will be provided only to the speakers via email - please connect in due time. Please note that the time displayed in the Virtual Venue / Converia Platform is converted to your local time (Romanian time is GMT+3)!
- The follow-up Q&A session: will allow the in-person audience to ask questions, while the on-line audience will write their questions on the Virtual Venue chat and the moderator will address a selection of questions to the presenters (the chat will be available afterwards as well, therefore the presenters will be able to interact and answer other questions later).

Parallel Session – Full Oral Presentations and Lighting Talks

- The on-line presenters will have their presentations played to the audience. The follow up Q&A session will require live interaction with the audience via Zoom (a zoom link will be made available for each session to all on-line presenters) – please connect in due time. Please note that the time displayed in the Virtual Venue / Converia Platform is converted to your local time (Romanian time is GMT+3)!
- The in-person presenters will deliver their presentation live from the venue and will respond to the questions coming from the on-site audience, as well as the on-line participants via the moderated Virtual Venue chat.

Panel discussions

- The panelists will speak live from Cluj or on-line via Zoom (a personal zoom link will be provided only to the speakers - please connect in due time. Please note that the time displayed in the Virtual Venue / Converia Platform is converted to your local time (Romanian time is GMT+3)!
- The on-line audience will be able to react via chat and the moderator will address a selection of questions to the presenters (the chat will be available afterwards as well, therefore the presenters will be able to interact and answer other questions later).
- In-person audience will interact live with the on-site moderators.

Workshops

- The hybrid workshops will be held via Zoom – a Zoom link will be available in the Virtual Venue / Converia Platform of the respective sessions.
- The coordinators of the workshops will provide a brief presentation of the aims of the workshop, as well as specific instructions (depending on the workshop type) at the beginning of each session.
- Please note that the seats in the RED and YELLOW rooms are limited for the in-person participants. Please do not overcrowd them.

Kind regards,

IENE 2022 International Conference | Organising & Programme Committees
